LOCATION

Plan for hot weather but bring sweatshirts and rain jackets for nights and rainy days.

WORKSITE

On the worksite, builders should wear long pants and short or long sleeve shirts for safety and protection.

Make sure builders pick a suit they are comfortable running, swimming, and doing water activities in.

BAGGAGE REQUIREMENTS

For baggage requirements, check your specific airline. Use your Cotopaxi backpack for your personal item.

HELPFUL TIPS

SNACKS

One of the best things about traveling is being able to try new foods. Be open to expanding your taste buds! You may want to pack the snacks you love to ensure you are always happy and full. While our food providers can work with dietary restrictions, options can be limited. Please plan accordingly & pack any snacks you might need. Recommendations: trail mix, granola and/or protein bars, peanut butter, fruit snacks, dehydrated fruit, crackers, mini cereal boxes, drink mixes/flavorings.

PACKING TIPS FROM OUR BUILDERS:

- "I wish I would have brought all scripture books, sunglasses"
- "Pens, cold medicine, protein bars, comfortable slides, more work gloves"
- "More snacks and drink mixes, a light weight blanket, another towel if possible"
- "definitely bring a watch! most of the time you have no idea what time it is and its really helpful!"
- "It was nice to have athletic wear/sweats for after the worksite"
- "more casual shirts because all of my shirts got sweaty the first 5 days"
- "Extra socks for the worksite and activities after"
- "Just an extra towel"
- "More junky shirts, more shorts"

*Remember you know yourself best! Pack what you know you will need.
